

Adding Beauty & Conservation (ABC) Classroom Entry Form

Due to the pandemic, we have modified our ABC Classroom Program. The ABC Classroom Program for 2020/2021 school year (highlighted bullets are changes):

- Send us a short video clip (1-3 minutes) of your classroom and/or students telling us how natural gas helps protect and conserve resources in our community. The video can be as creative or as situationally accommodating as needed. The guidelines are flexible and fluid. Also, if possible, please include a classroom picture to be featured in The Mountain Press.
- On the 1st of each month, we will select one K-5 Sevier County School classroom as our monthly winner. Entries must be received on or before 10:00a.m. on the 1st to be eligible for that month.
- Submit as many times as you would like, but your classroom can only win once during the school year.
- As an ABC winner, your classroom will receive a \$200 check from S·C·U·D, and we will post your class/student video on our social media platforms and all month long on www.scudgas.org. Your classroom will also be featured in The Mountain Press.
- We will not make a check presentation in the classroom. Instead, we will mail the check directly to the school.
